PARENT ONE TO ONE PROGRAM

Talk to someone who understands. Want to meet a parent or caregiver that has experience supporting a child with a similar identity? Want someone to explain what worked for them as a caregiver, how they worked with their school, hospital, insurance, or extended family to support their child? We can match you with someone who'll get on the phone with you, email with you, text with you, and/or meet in a public place and share their experiences.

VOLUNTEER RUN, CONFIDENTIAL HELPLINE (866)-427-3524

No matter where you are with supporting your child, our volunteers are standing by. This is a safe and confidential helpline with trained volunteers ready to listen, offer support, and provide resources. When you call this number you will leave a voicemail and get a call back shortly from someone who is ready to help you. Whatever information you share will be confidential.
