Doctors Panel:

Blockers, Hormones, Medical Procedures – What Is Best For My Child?

moderated by Athena Edmonds, Greater Boston PFLAG Facilitator and Helpline Volunteer

All are welcome. In a unique opportunity, join and meet a panel of five Boston-area doctors from top medical institutions in the nation who will provide an overview of their programs which support transgender youth. Keep in mind it is never too early or too late to be educated about blockers, hormones, and what medical interventions are appropriate, if any, and when for transgender youth. There will be time to ask anonymous questions in the Zoom chat. This panel will be recorded.

Panel Members
